U.S. Patent #7315238

U.S. Patent #7315238

MVP

MULTI VEHICLE PROGRAMMER

SYSTEM

So New and Unique - The MVP has a U.S. Patent

**US Patent 7315238 -
Method and system for providing key programming tokens to a
multiple vehicle programming device.**

Technical Support contact phone number is: **650-351-8270**

Our U.S. headquarters is located at:
**1435 Huntington Ave, Suite C
South San Francisco, California 94080**

<p>NOTE: Some models use the new dealer "G" transponder key and some don't. It is possible to have 2 identical cars side by side and one on the older key and one on the new "G" key. Even looking the vehicle up by the VIN can give you the wrong key. If the car communicates with TYPE 4 it is Not a "G" key car. TYPE 5 is for "G" keys.</p>
