ADVANCED DIAGNOSTICS™

New Software Release
Chrysler 2017 Key Programming ADS2266

October 2018

Advanced Diagnostics is pleased to announce the release of Chrysler 2017 ADS2266 key programming software for Chrysler, Dodge and Maserati vehicles from 2014 to 2017.

What does the software do?

ADS2266 software allows proximity keys to be added or programmed from a lost key situation and has been designed to bypass the pincode automatically in the background, making it a seamless process when programming keys.

Please see the application list below for vehicle coverage or on Info Quest.

Note: This software is available for Smart Pro only. No working key is required.

What else will I need

Smart Pro
